

Policy matters

CSTEP's Rooftop Solar Explorer ([RTSE](#)) tool was launched in [Chhattisgarh](#) this year to empower DISCOMs and consumers to scale up rooftop solar adoption. The tool is aligned with the PM Surya Ghar Muft Bijli Yojana and informs policy decisions in 25 states and 120 cities.

We looked at different [pathways](#) for [decarbonisation](#) of different [sectors](#) and achieving [net zero](#) without compromising on our developmental goals

The India Clean Air Summit ([ICAS](#)) 2024 brought together policymakers, researchers, and practitioners to discuss clean air solutions. A [visualisation portal](#) detailing emission inventories for 75 Indian cities was launched at the summit to guide targeted pollution control strategies across the country.

CSTEP has been appointed as an observer organisation to the United Nations Framework Convention on Climate Change.

The inaugural [V S Arunachalam Memorial Lecture](#) featured India's only Turing Award winner, Dr Raj Reddy, who spoke about the Promise and Perils of AI.

The second edition of the [eARTh](#) event was held at the Bangalore International Centre, Karnataka. CSTEP's first batch of climate fellows displayed their climate-themed art to raise awareness and inspire behavioural change for climate action.

Major Publications

We thank our funders, collaborators, and colleagues for their unwavering support and dedication. We wish you a sustainable and happy New Year!
